Doorways are defined as being an access way to something. Throughout our school career we pass through many doorways into new areas — from the time we open the pre-school door, to the time we cross the doorway to our future in our senior year.

This year has offered many new experiences for us. We have encountered everything from a new President to a new principal. NASA opened new doorways in space with the advanced space shuttle program, and the death of John Belushi closed a doorway on a comic genius.

Throughout life we realize that we must face these new openings with hope and confidence; be able to take the bad times with the best times. In the end, we will be able to look back through the doorway and see what we have accomplished whether it's a step in space or stardom.

The 1982 Yellow Jacket attempts to capture some of the year's events and the people who made them happen in word and image — to preserve the passage through this doorway.

Activities

Spark Year

"And now back to you Dan . . ." Kim McCorkel and her partner do a Saturday Nite Live skit at TCU.

The Student Council went to State Convention this summer at Texas Christian University. The Council went to get new ideas on how they could improve the club.

The President this year was Tom Thomas, Vice President was Bret Armstrong, Treasurer was Jeff Augustine, Secretary was Jodi Michel, Pam Listvan was recording secretary and Reporter was Mike Wetchsky.

The Student Council brought back new ideas and had fun getting them.

Oh no it's the star people! Bret Armstrong (Center) and his star group gave a memorable performance at talent night.

Play it again Sam — Tom Thomas, this yer's Student Council President, shows his talent at TCU.

Where is my coffee cup? Tom Paris and Mrs. Sylvia McBrayer help keep control at the annual

signing party sponsored by the Student Council.

You can use it when I'm done. — Steve Denison clowns around at the Annual signing party.

Hurry! Hurry! Step right up and get your annuals. Kay Casey, Annual Sponsor, hands out annuals.

Initiation Kicks Off Club Year

Initiation is an important part of being in an organization. Junior Stingeretts had to dress in funny costumes and walk up and down Armstrong around the Sonic and go in downtown shops.

Ag initiates had to walk around school with green hands around their necks.

In the Band Hall sophomores and new band members had to duck walk, wear crazy signs for a week and do whatever senior band members told them to do.

Initiation is a part of old time tradition. They are a way to bring new members in a club or organization together.

CHEESE — Lisa Thompson, Tina Huntoon, Pam Lisavan, Brenda Butler, Susan Taylor kicked off the year with the Stingerettes annual initiation held in August.

Signin' — Jimmy Staples and Brian Hales look on as Tiffany Roland signs their green hand for Ag. initiation.

QUACK, QUACK — Lisa Simmons duck walks for Band initiation.

Thomas Leads Student Council

Tom Thomas served as student body President. Some of his responsibilities were opening and closing assemblies and representing the student body at state and national conventions.

Order — One of Tom's jobs is taking charge of assemblies.

When There's Food — Tom Thomas can always be found.

Ho Ho — Says Tom Thomas as he and his elf Mary Weems listen to what Elaine Rainwater wants for Christmas.

Come On Down ... Tom Thomas announces candidates for Council.

Que Pasa — Karen Forbes and Sherry Ingram look like they are having a good time in Mrs. Sue Finley's Spanish class.

Stick 'em Up — Mike Morris is in the Drivers Ed. class talking with officer Marvin Norman about traffic safety.

We're Cool — Ramon Walker, Brian Johnson, Arnold Shephard, and Robert Byers rest their feet on the bleachers.

Aw refreshing — Stan Murrery is relaxing in the outdoors at the football Bar-B-Q sponsored by the booster club.

New Principal Arrives

Mr. Tom Parris joined the administrative staff this year. His co-workers are associate principals Mr. George Petrus and Mrs. Jackie Peters. The office secretaries and clerks are Mrs. Juanita Harris, secretary to the principal; Mrs. Nancy Edredge, principal's clerk; and Mrs. Dodie White, records clerk.

New principal Tom Parris became an administrator because he enjoys leadership but mostly because he likes to see a school grow and become a winner in both academics and sports.

He comes from Corsicana, where he was the assistant principal at Corsicana High and was also a teacher at Navarro College where he taught math.

A native of Houston, he likes to water ski, go on Canadian fishing trips and watch sports.

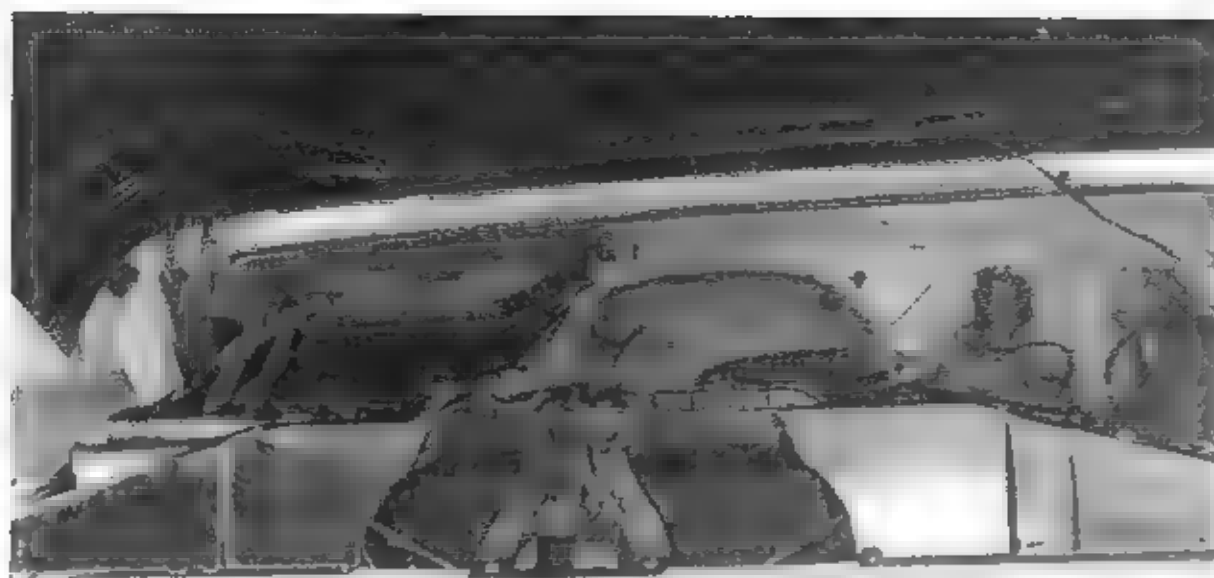

Mr. Parris went through college on a basketball scholarship. In college he majored in math and physics.

He would like Denison to excel even more in academics and sports. The changes he would like to see are more parking space for students and more classrooms.

What does he like most about DHS? "The student body and the faculty," replied Mr. Parris.

Unassuming Victims — Lola Wrenn and Sharon Cobb are caught in the act of looking at pictures of cheerleading camp. All DHS cheerleaders work hard all week but still have time to take some pictures of all the fun they are having. The pictures must be real attention getters, because they did not even notice their picture was being taken.

Industrial Cooperative Training Builds Super Truck

**Veeerrrooom, Veeerr-
roomm** — The ICT class
rebuilt a '65 Chevrolet truck.
After they built the truck, the

class accepted \$1 donations and held a drawing to give the truck away. It took them all year to rebuild it in their spare time. The truck, donated by Mr. Bob Lovell, won awards in contest.

It takes a lot of hard work and dedication to be willing to get your hands dirty and greasy just to work on a truck you aren't going to get to keep. Some people are naturals when it comes to working on automobiles.

The truck is green with

chrome trim on the sides. It has chrome wheels and new tires.

The winner of the truck is Bruce Thompson, junior.

Bruce plans on using the truck as a farm vehicle on his farm.

Basketball Dominates Intermural Sports

Up, over, and in — It looks as though the basketball is balanced on the rim but Shane Nassoy, Brett Armstrong, ~~Lyndon Butler~~, and Ronnie Wimbish know it is going in. Intramural sports are held during homeroom between opposing classes.

My Nikes do all the work — Ralph Holden takes a stride after the ball. (Right) The intramural program pitted homerooms against each other and was popular with students who watched from the stands cheering their teams.

I'll get it, It is mine — Kirk Kern watches as Dale Dennis runs to catch the ball.

We're working on the Stinger all the live long day ... — Craig Louis and Shelly Gray, both seniors, are working hard as they can on their pages to meet deadline.

Proofread, proofread, Gary! — Mrs. Kay Casey, advisor, and junior assistant, Gary Clay, look over Gary's article to find the errors. In putting out a newspaper mistakes are verboten.

Stinger Gets New Look

It is hurry, hurry! Rush, rush! Give me this, give me that. I got the typewriter next. That's my story. Mrs. Casey, have you seen my film."

This is a typical day on the Stinger staff. Staff members take reporting and specialized writing to learn the basic skills.

The hardest job on the staff goes to Jan Jackson, editor-in-chief. She gets a lot of support from the lady whose desk is always piled high with papers and film.

It takes the staff as a whole to get the weekly news out on time and keep the school informed.

Whoever said Blondes have more fun? — Cheryl Raines, senior staff member, runs the weekly features page in the Stinger. Proofing, writing, typing and pasting up pages can put a strain on a person.

"I should be paid for this" — Tammy Walters, senior staff member, seems to be so entranced in her article she can't take her eyes off it. Putting out a weekly paper takes patience, time and dedication.

Working together makes the world go around and puts out the Stinger — Tiffany Rowland and Jackie Christain, both seniors, work on an article (Front) as Senior Ann Overman (Back) checks spelling before her story goes in.

Now let me see — Terrie Weaver and Sonya Skinner, look over a negative.

Animal crackers on the typewriter? — Mike Wetchensky, sports editor, indulges in a box of animal crackers to provide that extra energy and nourishment sportswriters need.

Yum, Yum, Easter on its way —, Jana Jackson, editor-in-chief, and Sonya Skinner, news assistant get ready to pig-out at the Stinger Easter luncheon.

Twirp Week Gives Girls Chance to Ask Dates

Twirp Week was sponsored by the United Service Club and was designed to turn the tables on who pays for the date. The week's events included bowling, out to dinner, to the show, go-carting, and a football game.

Monday started the week with bowling at the A-1 Bowling Lanes. Tuesday was going to the movies while Wednesday was taking him out to dinner. Thursday was going go-carting and Friday was the usual Friday night football game.

Twirp-O-Grams were sold by Hanson's Headaches which are singing telegrams asking that "special someone" out for a date.

LA..LA..LA.. Twirp-O-Grams were sold by Hanson's Headaches during homeroom. Wade Graves receives a singing invitation.

SMILE . . . Kim McCorkle treats Glenn Creswell to a movie for Twirp week.

STRIKE . . Tina Smith concentrates on writing down the correct bowling scores as the game progresses.

Leaders for — 81-82 are (Top) Tom Thomas, president, (middle left) Pam Listvan, corresponding secretary, (Right) Jodi Mitchell, recording secretary. (Bottom left) Jeff Augusting, treasurer, Mike Wetchensky, reporter, Brett Armstrong, vice president.

Life as a Student Council Member

This year was the first to have a homeroom especially for Student Council members, which Mrs. Sylvia McBrayer sponsors.

They sponsor many fund raising projects such as selling pictures of people with Santa Claus, and selling little plastic Christmas ornaments.

A First — A Student Council homeroom has turned out quite a success, which is proven by how much has been accomplished. Pictured are Mrs. McBrayer and Jeff Augusting.

Sign Here — The year started with an Annual Signing party. Tommy Davis has a bit of catching up to do.

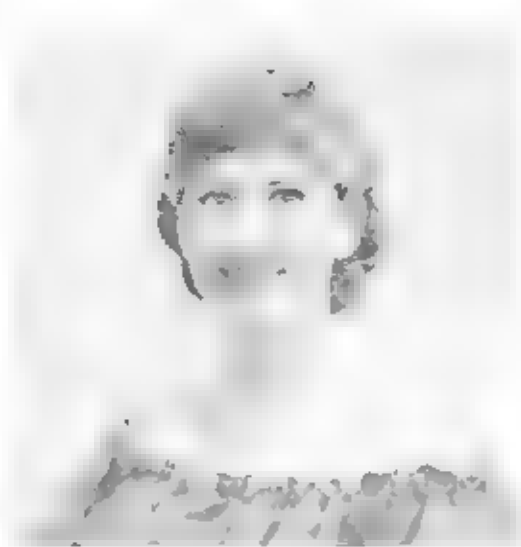

Cheers — A Friendship Banquet, held at Sherman High School, brought the two rival schools together. Lori Ruble toasts Gina Taul and Brad White for good luck.

Homecoming Activities Spark Jacket Spirit

The sweethearts of 1981-1982 were full of excitement as they walked out on the field at Munson Stadium. The excitement boiled as the sweethearts remembered how they got there. Each club elected a young lady to represent it. After being elected, each sweetheart was presented during homeroom in the auditorium. They

were also announced during the homecoming pep assembly. After parading down Main Street atop a decorated car, each girl was escorted across the field by a young man who was also a member of the club or organization the sweetheart represented.

This is going to take forever — Leigh Parker rode through downtown Denison on a Lincoln Continental. She was sweetheart of Art Club and was

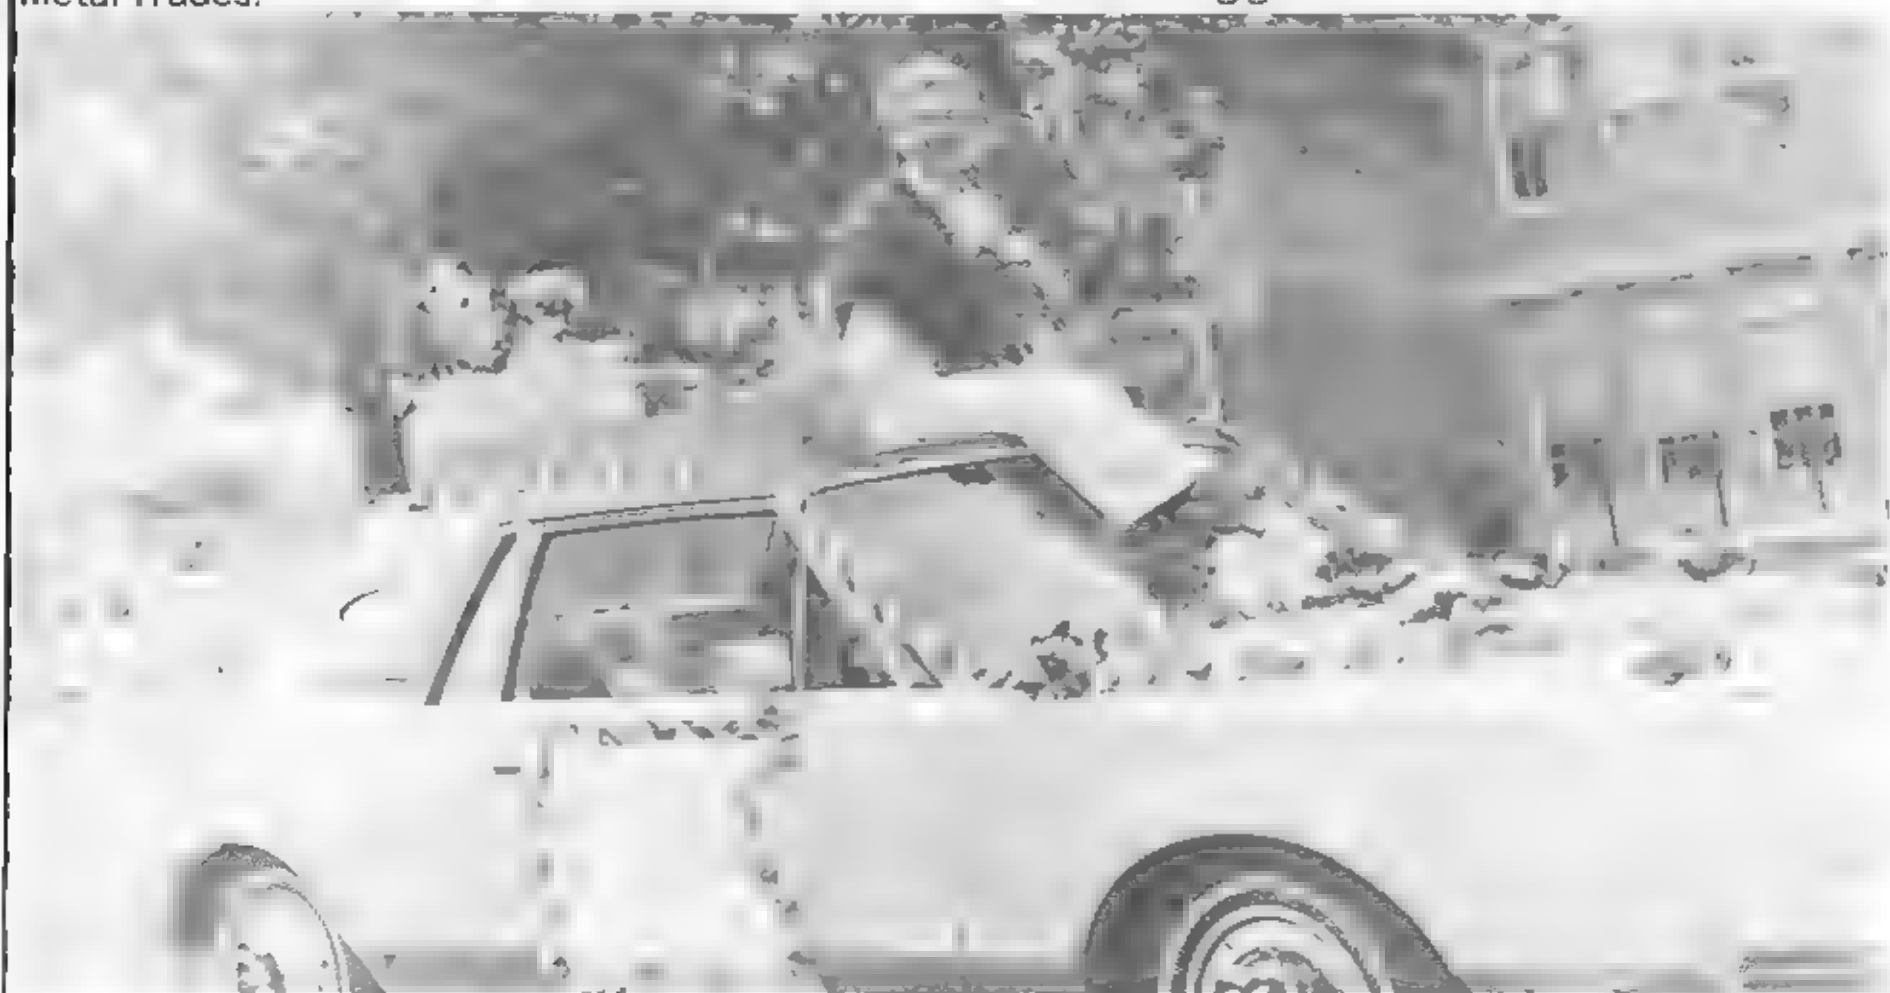

escorted by Martin Giasson. This was Leigh's second year to be a member of the Art Club.

WHAT IS THIS THING? ... Mark Crump, Junior, and Pam Joines, Sophomore, sit one out at the homecoming dance. Pam was sweetheart of Metal Trades.

I MADE IT! ... Jana Jackson was selected as Stinger Staff sweetheart. She was escorted by Craig Louis during halftime festivities at the homecoming game.

I HOPE IT DOESN'T RAIN ... Mrs. Grace Sullivan was faculty sweetheart. She was selected by the

faculty and was escorted by Mr. Tom Parris, Principal.

Denteens Sponsor Neewollah

Neewollah, which is Halloween spelled backwards, was sponsored by the Den-Teens in order to raise money for projects during the year. This year's program opened with the selecting of the royal court: Sophomores — Cindy Marr and Steve McGraw, Juniors — Pam Listvan and Jeff Nicholson, Seniors — Art Arthur and Laura Beth McKenzie. The talent part of the show consisted of a number of skits including one done by the Student Council, a rock band, a group of dancers and singers.

3 LITTLE PIGS . . . And other stories were told by Rick Wood at try-outs.

Werewolves! Belinda Smith and Penny Webb strut their fur as the court looks on.

Sherman Activities Attract Attention

HATS OFF . . . Durwin Baldwin, Tiffany Rowland, Lori Jaciquot, Irene Faber, Lola Wrenn and Karen Vaught show their spirit for Sherman Week. This year during the Sherman Week activities students show their spirit in various ways. Including "SOCK IT TO SHERMAN, SUSPEND SHERMAN, HATS OFF TO THE JACKETS, OVERALL SHERMAN, AND COLOR DAY. Sherman Week attracts participation of the students who like to dress in costume. Although the team didn't beat Sherman, there was a lot of spirit and support for the Jackets.

S-T-O-M-P S-H-E-R-M-A-N!!! Many spectators came out to help fire up the Jackets before the big duel that evening.

The Class of 83!!! Show their spirit by rolling out a sign to show that they also have spirit during Sherman Week.

"Have you ordered your cap and gown yet?" Kelli Foster and Rocky Strong discuss

ordering their caps and gowns in anticipation of graduation.

Seniors Prepare for Graduation

When Seniors order their caps and gowns they realize how close they really are to graduation.

A lot of fears run through Seniors' heads as they prepare to face the unknown. What am I going to do after high school? Do I want to go to college? Am I ready to be on

my own? How do I go about getting what I want out of life?

All these fears are very real in a seniors final few weeks of school. If we knew all the answers to these fears, what fun would our senior year be?

"Anticipation is making me wait . . ." Paula Pennington, Becky Graham, Wanda

Daniles and Terri Harrison wait for their turn to get their cap and gown.

"I just can't decide!" Jefferi Johnson and Allison Rainey order their caps and gowns.

"Do I have to wear this?" Otis Luper tries on his cap and gown.

Expressions Staff Puts Out Magazine

A Mistake? ... Tracy Harmon and Neil Brown checked all spelling before a page was completed.

Sticky Mess ... Kelly Masey, editor, Karen Oliver and Tracy Harmon glue a poem on a layout sheet. Supplies and materials were purchased through the sale of Bunny Grams and out of Mrs. Terry's pocket. This year the school district bought an Adler electric typewriter for their use.

Mrs. Nancy Terry sponsored expressions

Group proves value ...

Expressions magazine, a literary work designed by selected students in a non-credit homeroom, was once again a success this year. Expressions is started in the fall and students donate their work to the staff throughout the year. It was printed this year by Mr. Frank Turner's printing classes and sold for \$2.50 a copy. Sherri Cobb designed the cover.

Does It Go Here? ... Tracy Boss, Kelly Massey, and Karen Oliver design a layout for a page of Expressions. All material had to be typed and glued to a master layout sheet.

Annual Staff Does More Than Yearbook

With one of the bigger staffs in the history of the annual, the 1982 Yellow Jacket staff designed the school yearbook. Each of the staff members were assigned a percentage of the 304 pages and were to meet assigned deadlines. Students would design the layout of their pages, choose the pictures to be used, and write the copy.

One of the most important and difficult jobs of the annual class is that of Editor-in-Chief. This year Mike Wetchensky and Lisa Phillips shared the duties of Editor-in-Chief. Wetchensky was said to be the meaner of the two, while Lisa the nicer.

In addition to doing the annual, the Yellow Jacket staff sponsored the Who's Who assembly and was in charge of the school pictures.

Heavenly glow? Karen Vaught's face lights up while working over a light table. Karen was responsible for the Senior Salute pages.

Drill Team Has Workout

Stingerettes have had their share of summer practice with camp and a two-week workout before the school year.

Practice before camp ran on a tight schedule. Making up and learning routines took time and patience to take to Kilgore College Camp. The work paid off with a first place in highkick and military.

The girls experienced a lot of pain and fun during practice before school started. "Getting there at 6 a.m. and leaving at 12:30 p.m. seemed like an eight hour job," said Junior Tracy Johnson.

During the last week, senior members picked juniors for their "Little Sisters." Many surprises were in store for them like receiving little gifts, flowers, candy, and sympathy cards that had hints about the identity of their "Big Sister."

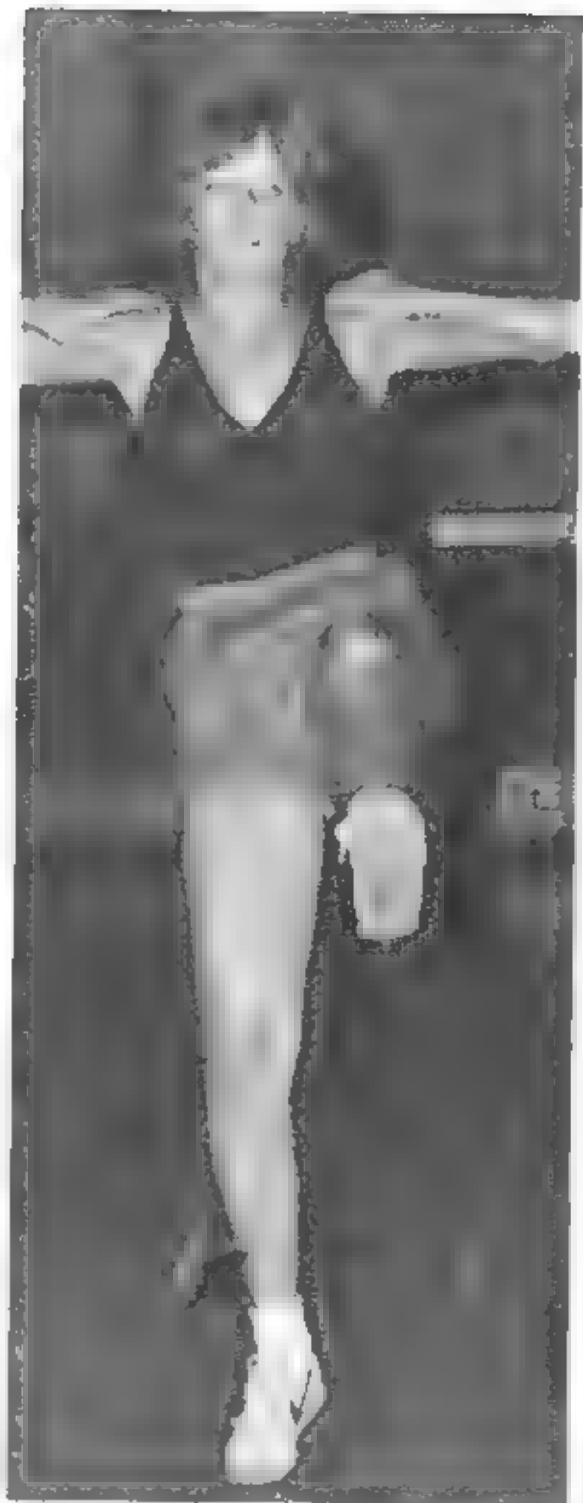

All secrets were out of the bag the last day of practice when the seniors initiated the juniors.

TA DA! — Penny Webb, Sheryl Raines, Patty Garvin, Trudy McAden and Sabrina Hogan show off their dazzling smiles. (top)

Christmas season at school brought good cheer to students who participated in activities centered around helping others and providing entertainment to those who are less fortunate. This was shown in such activities as the adopting of a needy family by the Den-Teens.

Also on the agenda for the Christmas season was the Christmas Choral Concert that featured the choral departments from D.H.S., Hughes, and McDaniel.

Drama Department put on their own version of "The Best Christmas Pageant Ever" for the Senior Citizens Center and Hanson's Headaches brightened up the downtown area with Christmas caroling at the banks.

Seniors Skip Day Legally

Seniors were blessed with a sunny day for the 1982 Senior Day. After a morning of rain, some were wondering, but the prayers were answered with an array of sunburns.

Activities for the day included sack races, egg tosses, tug-o-war, swimming, volleyball, and some football. Seniors also had a chance to fly in a plane.

In addition to the games, Seniors were treated to two meals: chicken for lunch and barbeque for the dinner meal. Snacks of soft drinks and cookies were provided throughout the day.

Pull Linda, Pull — Mr. Earl Turner encourages Linda Wimbish and her teammates to pull harder during the girls tug-o-war.

Here you go — Mr. Oliver Lehman, school board member, presents a diploma to Kenneth George and shakes his hand at graduation.

Class of '82 Graduates

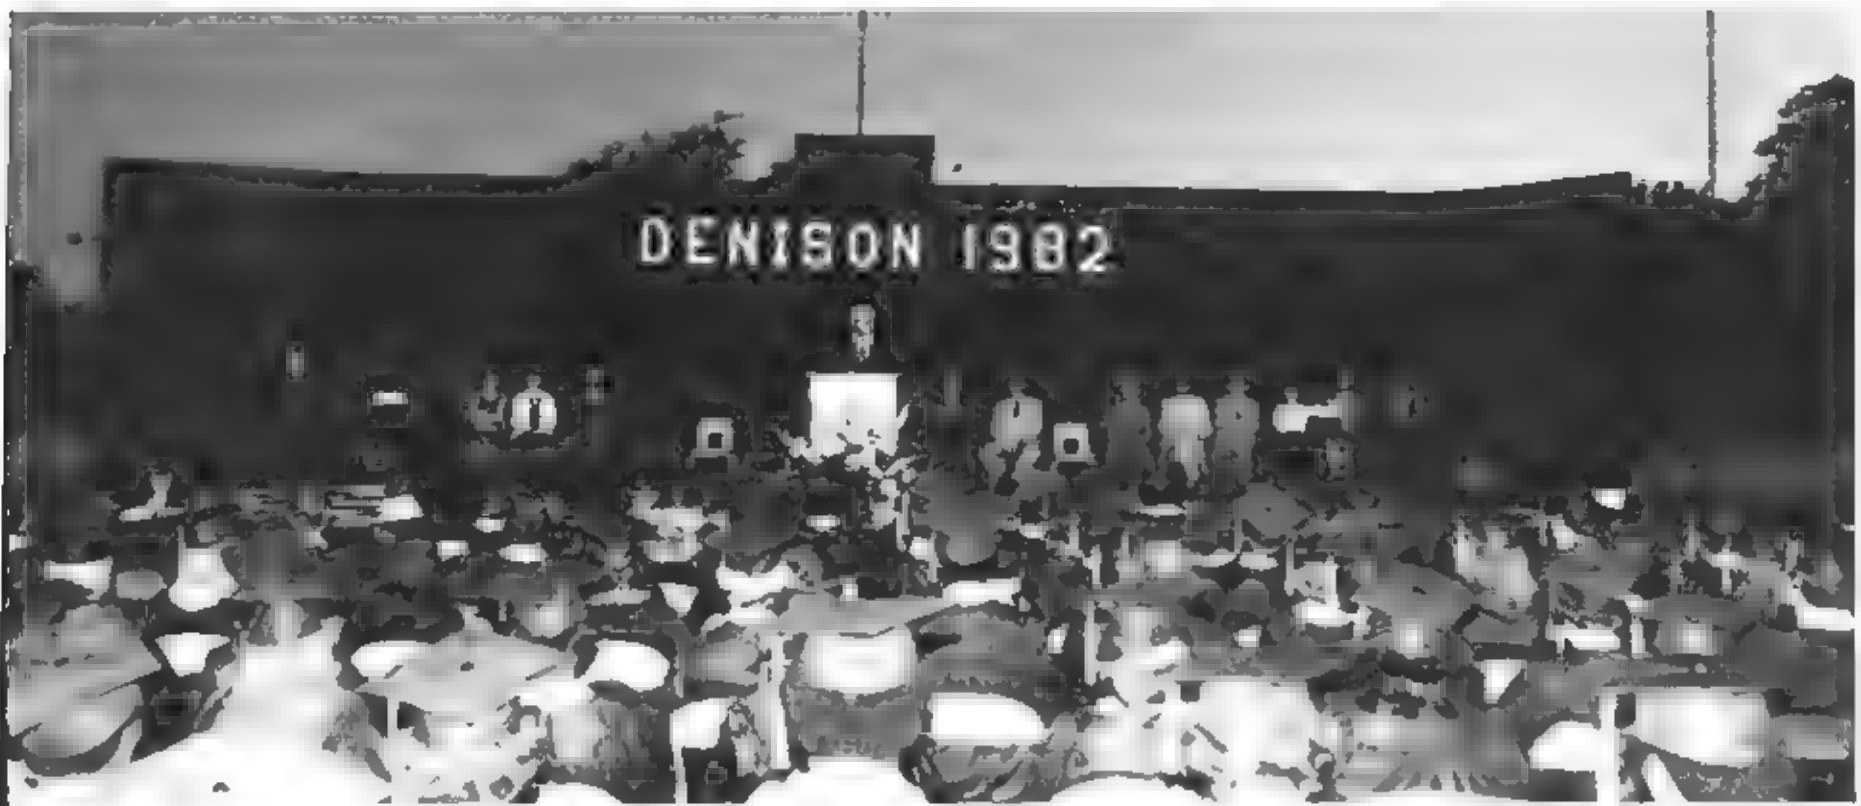

With twelve years of education behind them, the Class of 1982 had the moment in the spotlight at their graduation. Dr. Morgan Moses gave the commencement address and talked of four essential things; Bible, backbone, brains, and ballot.

The Yellow Jacket Band played "Pomp and Circumstance" as Elaine Rainwater and Sharon Martin led the Seniors into the stadium. Tom Thomas, student body president, led the pledge and Mary Weems, Senior Class president, gave the invocation.

After presentation of diplomas, Ruth Forrest and Jeff Baron led the graduates in the alma mater.

I got it — Tina Odom Rosse walks off stage after getting her diploma.

Bible, backbone, brains and ballot — Dr. Morgan Moses addresses the class of 1982 at the com-

mencement exercises. Dr. Morgan talked about the four essentials.

Salutatory Address

Dr. Jacobs, Mr. Parris, Members of the Board, faculty, parents, guests, and classmates: I welcome you to the commencement of the 1982 senior graduating class of Denison High School

I am pleased and honored to be Salutatorian of this class of nearly 300 students. I am also proud to be a member of a class which teachers have called "The friendliest group of students in years."

Graduation means to many of us an end to the daily routine of study. To others it means that high school days are over and in a few months college life begins. Regardless of the point from which any of us view the future, graduation means much more than the closing of our school term. Perhaps we do not realize it, but each of us has developed until our future positions in life are determined to a large extent.

Some of us will step at once into the activities of the world in roles of leadership, undertaking the tasks of solving the many and varied problems facing humanity. We will shoulder the responsibilities of doing that which our presence on earth demands, that of making the world better because of our having lived upon it

The knowledge we now possess is small when compared to that yet to be gained. It is well known that the tests of our precepts are proven by the worthiness of their practice; so let each and every one of us devote our efforts to the fulfillment of such proof

Graduation is a time when many of us will say good-bye to our friends and classmates. Events of this day and of past school days will long be remembered with pleasure. We cannot leave and break the ties that bind us here without acknowledging the debt of gratitude to our teachers for their support and guidance

Denison High School will always remain a part of our capital and beginning in life. Let us never forget it as we enter this new phase of life

After we stand no longer as a class we will slowly and surely drift apart. Often our thoughts will return to this night, when each of us will remember the happy faces of our classmates and will say, "I was proud to be a member of the class of 1982."

Hail to thee our Alma Mater . . . Seniors sing the Alma Mater for the last time as DHS students.

Valedictory Address

Tonight I feel as if I have reached a pot of gold at the end of a rainbow by being named valedictorian of this senior class. My friends know that I collect anything that is a rainbow or has a rainbow on it. Being valedictorian is a rainbow I have sought to attain for three years and it is the one I prize most above any others.

The rainbow is the glow that crowns an all-out effort to do any kind of job as well as it can possibly be done. It takes a bit more effort and time, but once we experience the mixture of elation, pride, and relief that comes from creating rainbows, life is never quite the same. Even the small tasks that were once boring and routine become meaningful and rewarding as we strive to be better. I would like to suggest some simple rules for bringing rainbows to your own work and life:

Give everything you have — The champion is not necessarily the person who has the most, but often the one who gives the most. He is willing to risk all of himself on the task.

It is often fear of failure that prevents us from going all out. It is as if we are preparing to excuse our failure beforehand, so that we can say we were not really trying. An important thing to remember, however, is that

the more we give, the more we have to give, and the more rainbows we create.

Give it one more try — A professor interviewed several hundred students, some with barely passing grades. Some with average grades, and some with A's. In the published results, the professor said the one thing that distinguished the A students from the rest was that after hitting the books as hard as they could, most students said, "Well, that's that." The A's, however, said, "Let's give it one more for good measure."

It is hard to experience repeated failure and keep on trying. But sometimes it is even harder to go on after achieving limited success. It is tempting to say, "This will do," and stop with the average, but rainbows are created by the above average and the desire to be better than the normal.

Tackle little jobs as if they were big ones — Some people do not think their jobs are worth their best efforts. They are always saving themselves for the great break which never comes. They do not realize that the big job consists of many little jobs that must be well done. Some of the little jobs may seem thankless. But, if they are

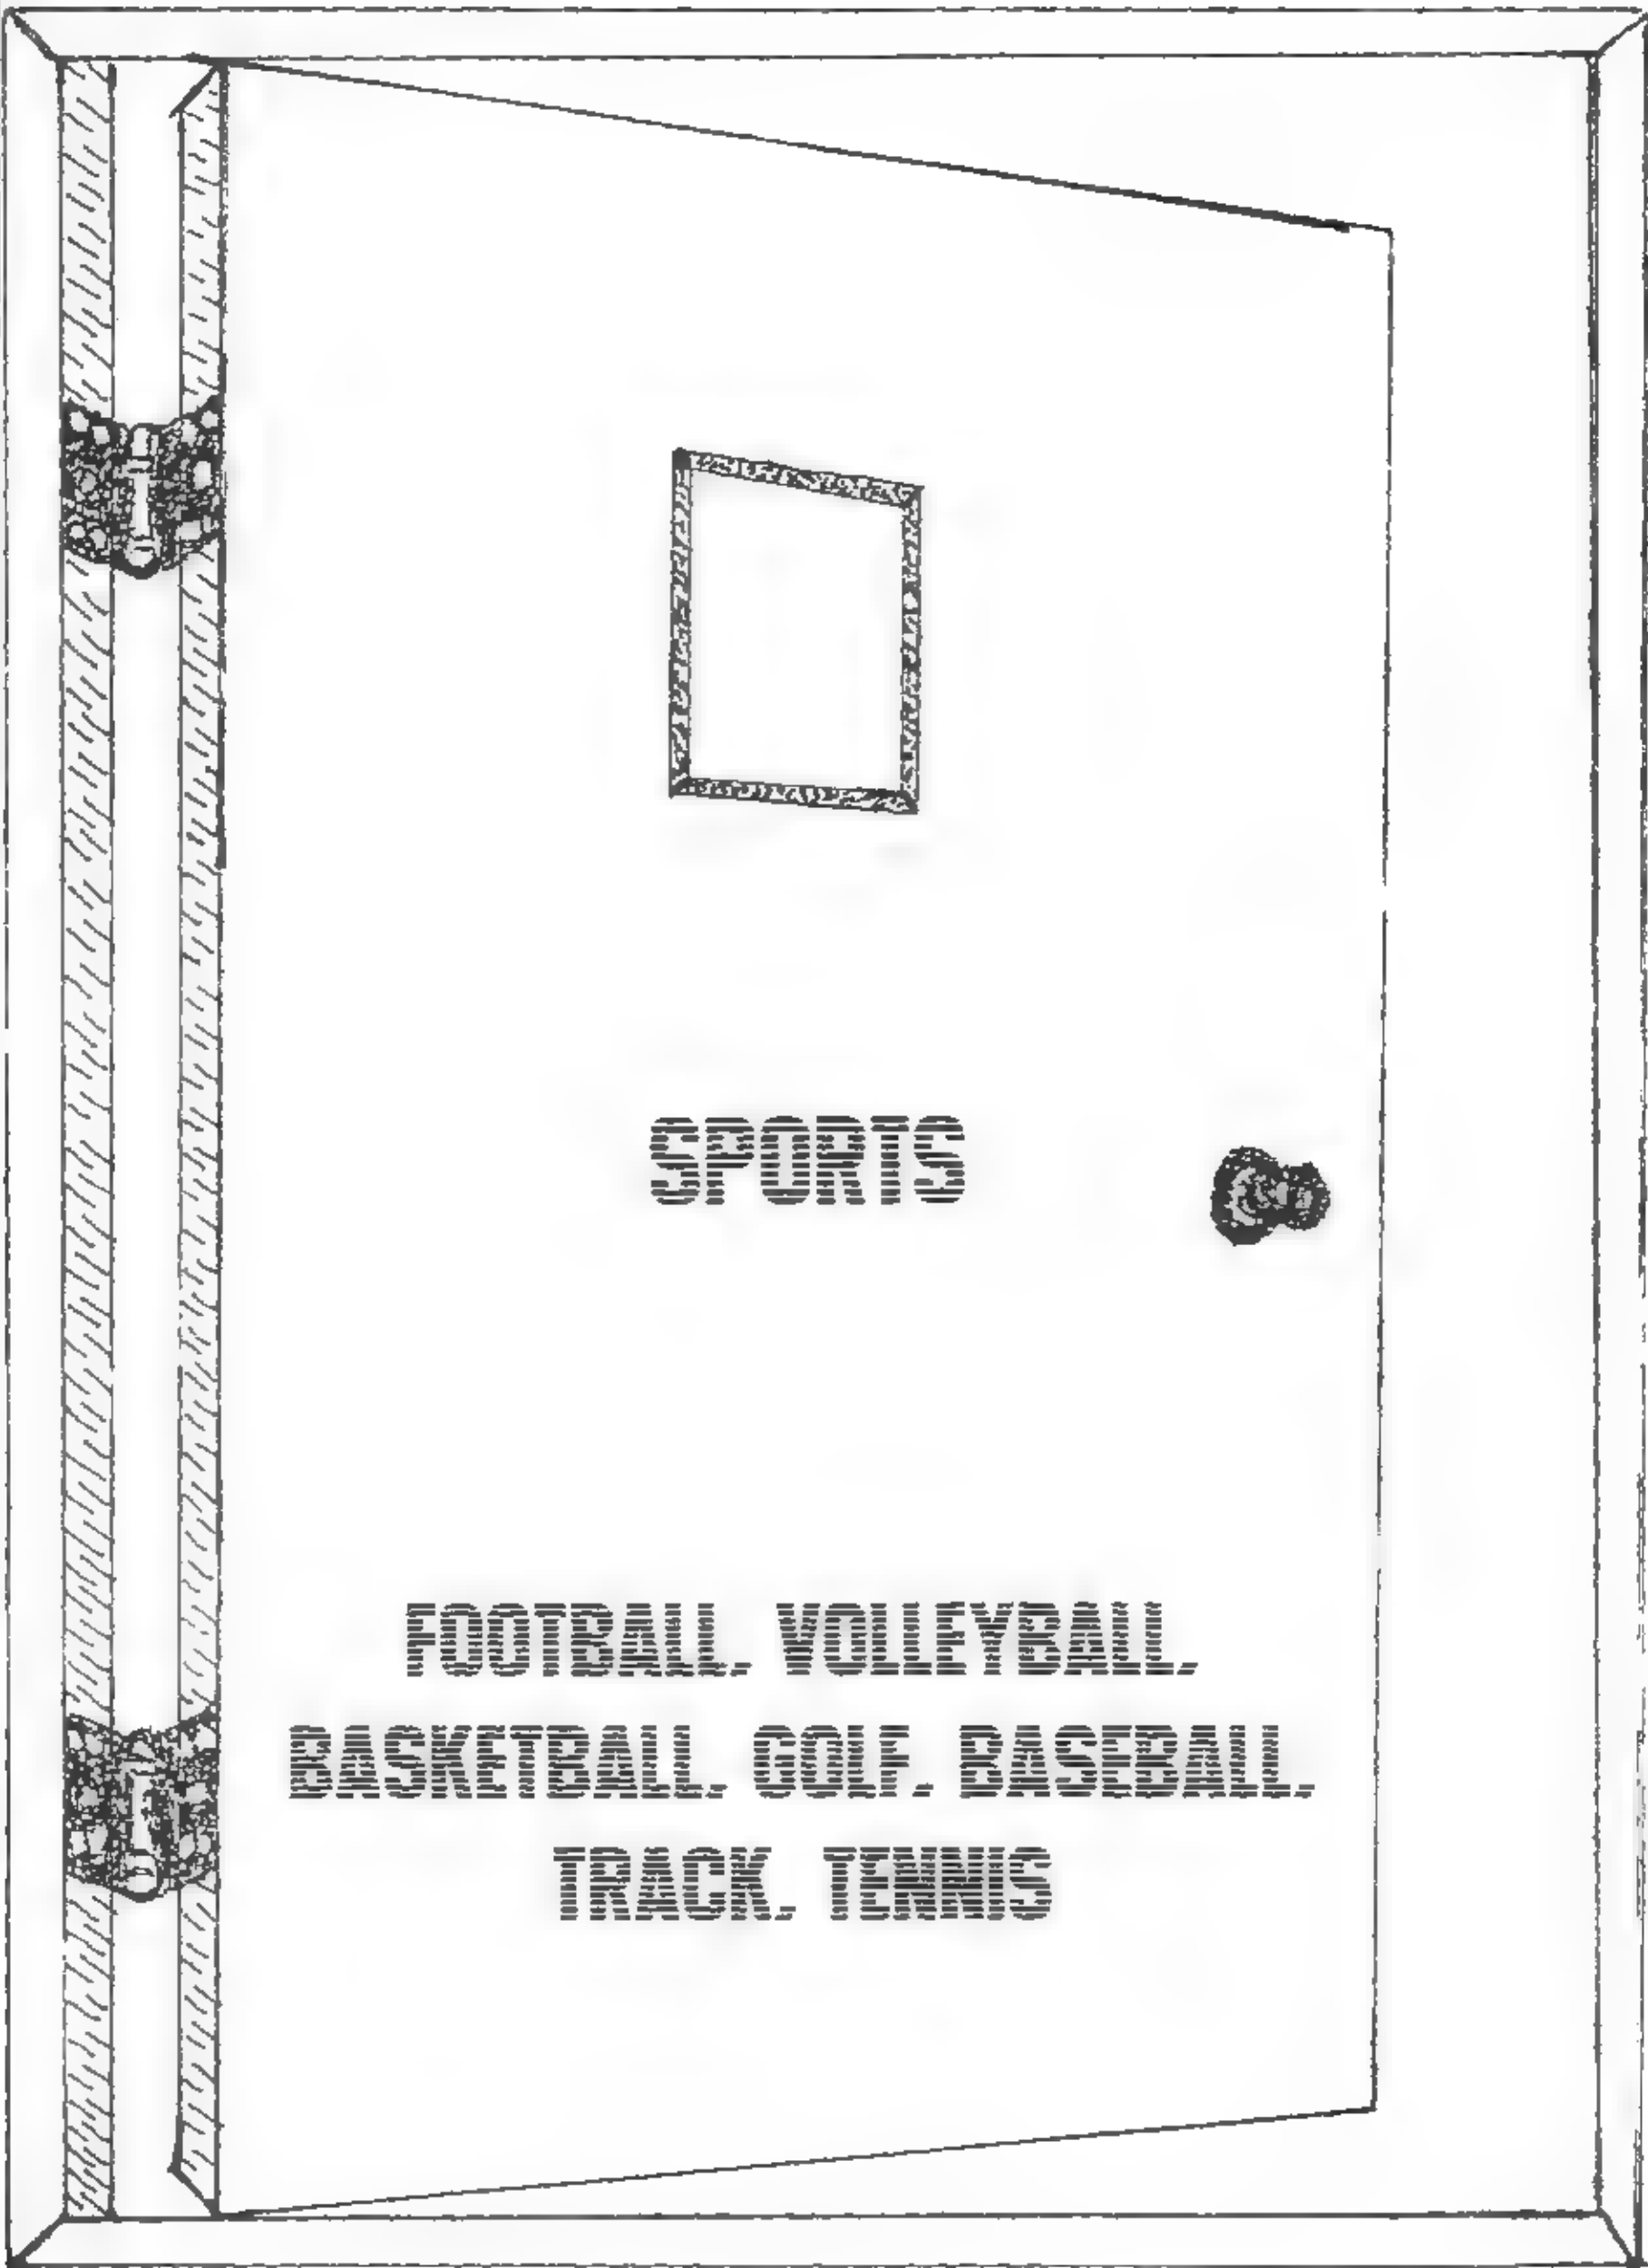

consistently well done, the secret cannot be kept. It is easy for someone to do just what is required to get their pay and leave it at that. Something to remember is that it does not matter how much you get or who pays you. You are always working for yourself.

Doing something he can call his own satisfies a deep need in man. The world in which we live is stubborn and chaotic. All of us feel the urge to impose ourselves on some small part of it. It is important that we stand up for what we believe in. It is the way we discover who we are. It is the way we create rainbows.

We must decide the effort we will put out on our jobs; and how much we will give. I challenge each one of you to make the decision to go the extra mile and leave glowing rainbows to brighten the way for the persons following.

As we sit here together as a class for the last time, there is one thing I would like you to remember: Do not part company with your ideals. They are anchors in the storm. Our ideals and values are the best rainbows in life, and so are the friendships we have formed that will last forever.

Jackets Receive New Coaches

The Yellow Jacket football team started the new season off with five new coaches including a new athletic director, Marty Criswell.

With only three of last year's coaches, the team failed to receive a good standing in the pre-season polls. The new coaches were picked by Coach Criswell after he was hired by the school board to replace Coach Jerry Blankenship.

After accepting applications and talking to several people, Coach Criswell decided on Marvin Sedberry, Jimmie Brooks, Warren Trimble, Larry Halliburton, and Mike Bulloch as the trainer. In addition to the new coaches, returning coaches are Ty Comstock, Ron Holley, and Mike Leach.

The Jackets also received a new look in the weight room at the fieldhouse as the players switched to the free weight program.

The weight room consisted of a universal gym weight machine last year, but was replaced by free weights to increase the strength of the athletes. Along with new weights the fieldhouse received a new and colorful paint job courtesy of the coaches.

The room also is decorated with mirrors and filled with music from KDSQ on a new stereo system installed in the fieldhouse.

Here goes — Gary Shields works out on the new weights that they received this year.

The Boss — Marty Criswell was chosen the new athletic director and head coach for the Jackets.

HIT! — Coach Trimble and Coach Brooks watch as some of the Jackets practice during workout.

Professional Moves — Quarterback Craig Blanton (10) tries to keep his opponents on the run.

Here It Comes — Quarterback Johnny Tarver gets ready to throw that "long one."

Heads or Tails? — Defensive captains Rodney Allison, Wesley Hunt and William Wolf are deciding what to call for first possession of the ball.

Keep on running — Is what running back Mike Wilson is trying to do. Wilson's speed helped the Jacket's Running game.

Here I Go — Punt returner Mark Marshall gets ready to receive the ball.

OUCH — Running back Lonnie Blanton is piled up as he attempts to pick up yardage over the middle.

VICTORY!!! The Jackets are overwhelmed by their second win during the season. They

defeated the Corsicana Tigers in a very close game 14-13.

STOPPED . . . Scott Brassfeild puts the crunch on the Wichita Falls Coyotes' running back as they rose to a victory over the Yellow Jackets. 16-37

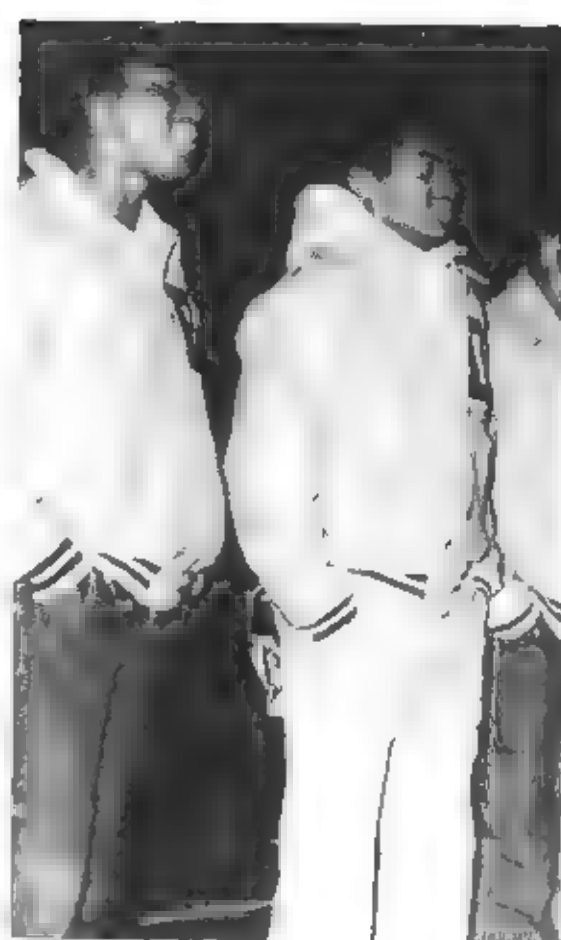

Ahhh Man — Brett Armstrong turns around to fellow teammate Ralph Holden to discuss the outcome of the game. Armstrong is a lineman and Holden is a tight end.

GET DOWN ON IT — Barry Malvern, an injured player, watches on the sideline with Craig Blanton. Malvern played running back.

Coach Trimble — waves a signal to the Jackets as Coach Sedberry watches the game in the background.

ON THE INJURED LIST. Greg Jackson, Craig Blanton and Barry Malvern watch Jackets fight a losing battle with the Lewisville Farmers.

Loyal Fans — A crowd of supporters watch the Jackets at a home game.

OCH, THAT HURTS . . . Steve Daugherty is in pain with a sore shoulder during the Greenville game. "Doc" Bulloch comforts him. The Jackets lost 14-7.

Picture day — Coach Ty Comstock, Steve Waggoner, Mrs. Kay Casey, and Coach Marty Criswell

watch as the football team prepares for pictures.

Line up — Coach Jimmy Brooks lines up the football players for the group picture. The pic-

tures are used in the football program. Both individuals and groups are taken.

Pass! — Jacket quarterback Craig Blanton passes the ball during the Wichita Falls High

game. Blanton was hurt in the game and taken out for the rest of the season.

W-I-G injury — Wesley Hunt was one of the many to fall in the W.F. High game. Wesley only pulled a

muscle and played in the latter part of the game.

Another one — Trainer Mike Bulloch looks over an injured Jacket during the W. F. High game.

Coach Bulloch left the Jacket program later on in the year.

JV Ends Up With 0-10 Season Record

Sherman ended the Denison J.V. season the same way the season started, a 41-6 loss. The J.V. ended the season with no wins and 10 losses.

"They played hard," remarked Coach Larry Halliburton, "but we beat ourselves. Coach Halliburton was referring to two dropped punts by Denison that Sherman converted into touchdowns. Sherman also beat the secondary twice for two more of their six touchdowns.

"We were inconsistent all year," Coach Halliburton said, "our passing was better than our running."

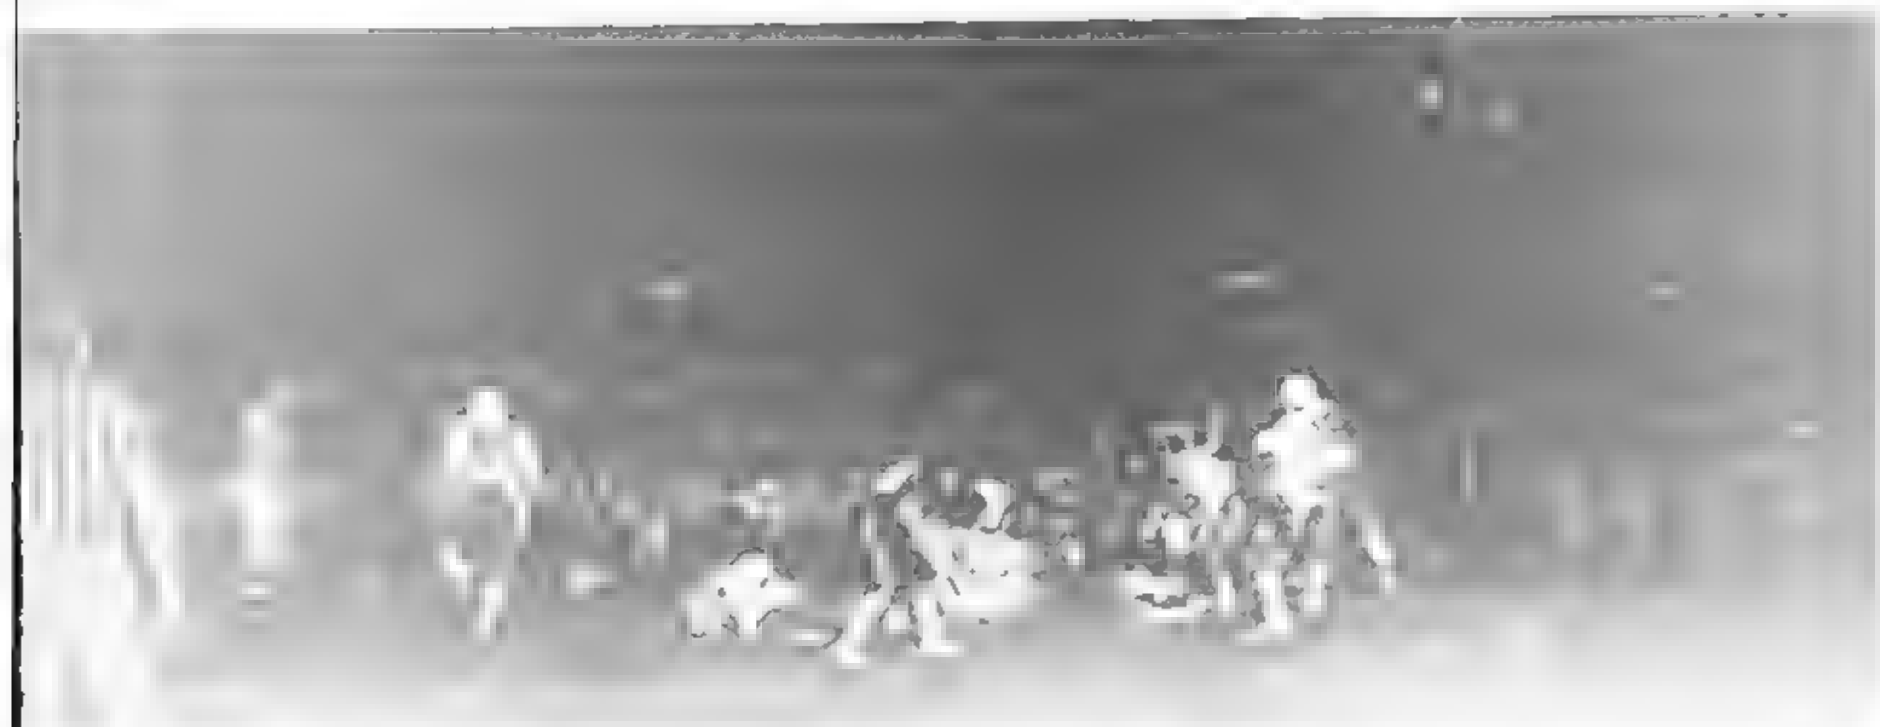

Coach Halliburton's thoughts on the season were simple. "We did what we believe, I wouldn't change it." But he did say he was disappointed they didn't win a game.

Closing In — The JV Jacket defense closes in on an opponent running back.

Pile up — The JV defense piles up their opponent at the line during a home game.

Defense in action — JV defense, who saw a lot of action this year, goes up against an opposing

team at mid-field. The JV showed some good play on defense.

Goal line defense — Aided by some penalties, a Jacket opponent drove down to the goal.

Conference — JV Coaches Ron Holley and Larry Halliburton discuss the Jacket offense with quarterback Gene Moore.

Perhaps the most rewarding games were those against Lewisville and Wichita Falls Rider in which the JV won 50-38 and 53-45 respectively. Mike Schmuelligan and Kevin Wilson were named JV Most Valuable players for their performances in these and other games.

This is serious — Kim Petty listens real seriously to a guest speaker in the Distributive Education class. Mr. Earl Turner teaches D.E.

All work no play — George Betzer is working on his drafting assignments in Mr. Phil Haddock's drafting class. Mashon Smith is in the background.

tick um up! — U.S. Club held their annual fund raiser, where the club members held citizens up at different locations around town, for donations. The club raised close to \$2,000 dollars this year.

Sherrie Wheeler, Julie Jones, Charla Winfree, Ginger Toney, and Jon Smith, are showing their method.

ennis anyone? — These tennis students, Odis Super, Jerry Wright, David Harrod, Mary Weems, Anne Shields, Kristi Reinert, are holding the duffle bags that the Booster Club donated to the tennis

team. The Booster Club not only shows their support to the football team, but they are spreading their support to the other sports around school by hosting banquets and picnics.

This question is for . . . — Ralph Holden directs a question to one of the area business men. Students asked questions about the economy.

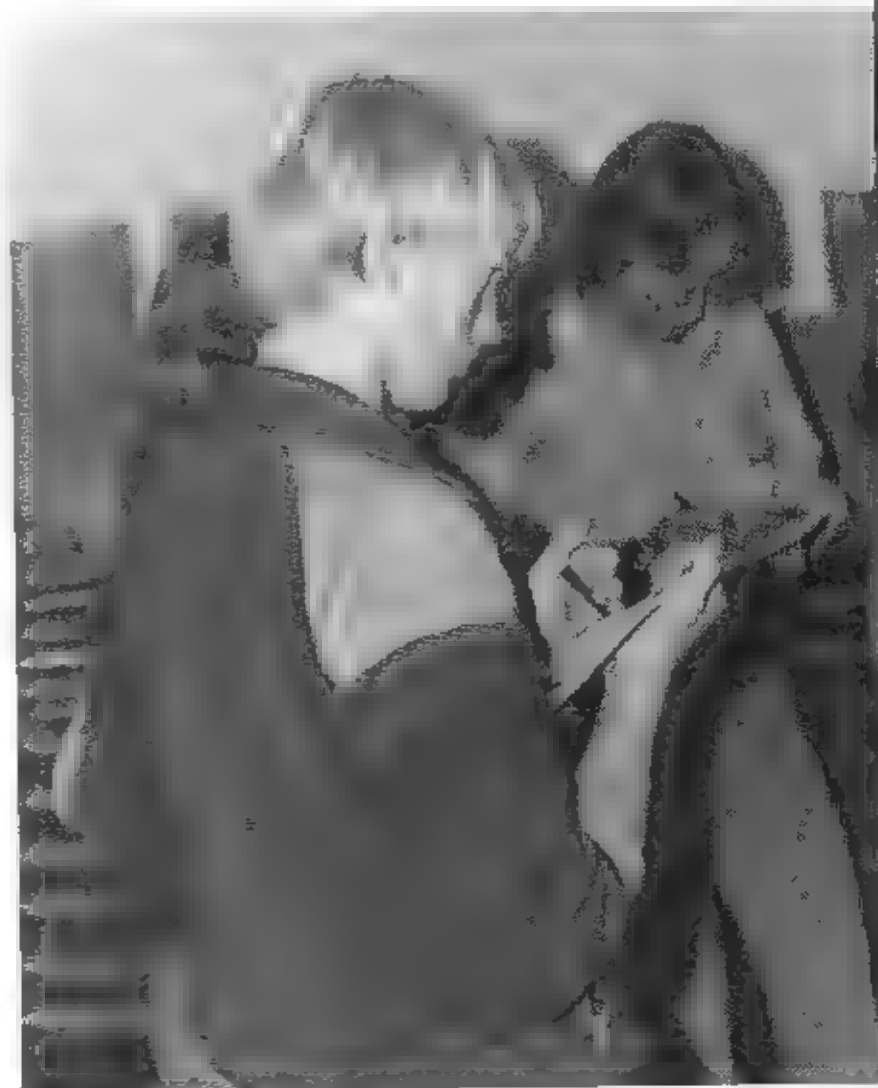

Supply and Demand — Professor Poscittotta gives a talk on supply and demand to students who attended the Free Enterprise seminar

Free Enterprise Talks "Reaganomics"

Select students from the free enterprise classes of Mr. Robert Ketchum and Mr. Warren "Cap" Blood attended a seminar at the Denison Boys Club. The event was sponsored by the Chamber of Commerce and involved area free enterprise students.

Attending the seminar from DHS were Shane Nassoy, Lori Ruble, Ralph Holden, Jon Pulis, James Brussow, Michael Welchensky, Anne Steward, Ann Overman, Ruth Forrest, Sherri Jacobs, Steve McAnaney, Ronnie Smith, Hattie Powell, Trina Cobb, Yvette Gerard, Una Platt, Gu Sykes, and John Jenkins.

After a lunch of pizza and cokes students listened to Professor John Poscittotta talk about "Reaganomics" and supply-side economics versus the demand-side economics.

How much? — Students were asked to estimate the take home profit of certain products. Here James Brussow takes a guess, students closest to the profit won the donated product.

Doug Smith Talks to Social Studies

Mr. Doug Smith a stock broker for Edward D. Jones Company, visited with Free Enterprise and Social Studies classes. Mr. Smith discussed financial planning with the students.

Social Studies courses are available at the school for those who need that extra credit. Free Enterprise and Government are two required classes that are taken for one semester each during the senior year. They are very important for completing senior credits.

These classes are interesting and informative. They help students to understand the government and how to get along in the financial world.

Want a Job? ... Mr. Joe Reirdon takes time out of a busy schedule to help students plan vocational training. Mr. Reirdon is the Vocational Counselor.

Counselors Plan With Students

Counselors are very important in the planning of students' classes and helping decide where they should go to college. They also help in registering students for the Pre-ACT, Pre-SAT, ACT, and SAT college exams for those Juniors and Seniors who intend to go to college.

The Counselors plan individual conferences with students and their parents to help in choosing the appropriate classes for that student.

SMILE ... Mrs. Judy Aleman, the Junior Counselor, is occupied with scheduling conferences with students and parents.

Sullivan Retires, Jaresh Moves Up

A SMILE FOR SENIORS ... Mrs. Grace Sullivan finishes 23 years in teaching, 15 here in Denison. Mrs. Sullivan is a graduate of Southeastern Oklahoma State University, in Durant. She plans to be married and live in Bethany, Oklahoma.

MOVING UP ... Mr. Marvin Jaresh, sophomore counselor will be the senior counselor next year in place of Mrs. Sullivan.

Three Teachers Retire

Being involved in the lives of young people and being concerned with their future and welfare are the high points of a 23-year career of teaching for Mrs. Grace Sullivan, who will be retiring at the end of this year.

Mrs. Sullivan plans to be married and move to Bethany, Oklahoma. Mrs. Sullivan was reared in a family of teachers and had always wanted to teach. The thing which surprises her most about high school students is that the majority are good citizens. Mrs. Sullivan's advice to a person starting out in the teaching field is to keep a positive attitude and develop a good sense of humor. "I have enjoyed the privilege of working in the Denison Schools and being associated with outstanding teachers, administrators and students," she said.

Mrs. Ruth Christian, our second teacher retiring, has spent 35 years as a math, history, homemaking teacher and has even coached girls basketball, but she is better known as a great homemaking teacher at this school.

During her time off, she plans to do some of her hobbies such as handwork, golf, reading, and playing bridge. Mrs. Christian and her husband plan to go traveling and get into civic work. "This has been a very good year and the faculty was also very nice. I will miss the kids and everyone else," she stated.

This is also the last year for Mr. James Milligan, machine wood working teacher. Mr. Milligan has been teaching for 43 years. He started in Denison at Terrell High where he coached and taught building trades and woodwork for 20 years. He has spent 16 years at Denison High.

One of the rewards Mr. Milligan has gotten from his years of teaching is the feeling that he gets from seeing former students be successful. "I have always enjoyed teaching someone and then teaching their kids," he said. Mr. Milligan and his wife are planning to take a trip this year. He also enjoys reading and oil painting. "I have no regrets. I've enjoyed teaching here. I'll miss the kids and would do the same thing over," he said. Mr. Milligan also added that his future plans are to "do the things that he wants to do, when he wants to do them." This school will certainly miss these three dedicated educators: Mr. James Milligan, Mrs. Ruth Christian, and Mrs. Grace Sullivan.

ME FIRST — ME FIRST . . . Mark Gamper gets in line to order his senior invitations.

Seniors Order Invitations

As the year draws to a close, seniors prepare for graduation by ordering their invitations and memory books.

The senior class votes on the style of invitations and name cards to be used.

Memory books are special books for seniors which include pages entitled Best of Times, Special Friends, etc.

Graduation is one of the most important events in a senior's life. Getting ready to begin a new life, the class of '82 has a lot to be thankful for and a lot to look forward to.

WHAT TO DO . . . Mr. Frank Goss helps Allison Rainey and Laura Marlow decide what to order.

Officers Lead Senior Class

Senior Class officers are elected by secret ballot after making speeches in the auditorium in front of the senior class.

Mary Weems was elected as President. Mary is active in Student Council, FCA, United Service Club, and Denteens. She is captain of the tennis team, was voted Best Leader in Who's Who and was a homecoming queen candidate.

Jimmy Daniels was elected Vice President. He is active in United Service Club, Honor Society, and FCA. He also played varsity football and varsity baseball.

Donna Lovelace was elected secretary. She is active in Student Council, FCA, United Service

club, Denteens, the Spanish club, and Drill Team. She was voted Most Humorous runner up, and was a homecoming queen candidate.

Sonya Skinner was elected Treasurer. She is active in FTA, National Honor Society, Denteens, and Drill Team. She is a senior editor for the Stinger, is president of FCA, and was second runner-up for homecoming queen.

Alexander Fish was elected as Reporter. He is active in Student Council, the United Service Club, and drafting. He took part in the senior play "Utopia Inc." and the musical "Oklahoma." He was elected Friendliest in Who's Who.

Principal Evaluates First Year Here

New principal Tom Parris shared his thoughts of his first school year here. "It was a great year and I really enjoyed it," he said.

How would he improve the school year? "I would like to improve written and phone

communication with parents to increase understanding and cooperation next year.

The principal also hopes to have better communication between faculty, students and administrators by activities such as the Student Leadership Day.
